## RELEVANT EXPERIENCE

**Tech Talent Pipeline Residency (TTPR),** New York, NY (Hybrid)
*Data Analytics Fellow* *June 2026 – Present*

- Completing a 10-week data analytics residency covering Python, SQL, cloud platforms, machine learning, and financial modeling through hands-on projects and a mentored capstone.
- Built a Tesla financial analysis dashboard in Excel/Power Query with pivot charts, regression, and predictive modeling; presented to program leadership.
- Expanded a professional network through site visits, summits, and mentorship with NYC tech industry leaders.
- Collaborated on a Tableau-based NYC taxi data visualization project, translating raw datasets into actionable dashboards for public presentation.

**InTech Foundation**, Charlotte, NC (Remote)
*UI/UX Designer Intern* *July 2023 – Nov 2023*

- Designed 20+ wireframes, prototypes, and interactive mockups for a chat forum integrated into the InTech Foundation website using Figma, Canva, and FigJam.
- Developed comprehensive sitemaps and user-flow diagrams to establish a coherent forum structure and improve navigation for end users.
- Tailored the user interface for younger audiences, balancing intuitive functionality with visually engaging aesthetics.

**America On Tech**, New York, NY
*Tech Flex Leader Intern* *Sept 2022 – Aug 2023*

- Selected for a competitive year-long web development fellowship program, attending weekly sessions with industry professionals.
- Completed 80+ hours of web development instruction and 80+ hours of hands-on coding training in HTML, CSS, Bootstrap, and Replit.
- Strengthened technical communication and collaborative skills through team-based project work and peer mentorship

## OTHER WORK EXPERIENCE

**Queens Public Library**, Queens, NY
*Cyber Center Lab Assistant* *July 2024 – Aug 2024*

- Registered 150+ patrons per week and managed library card and PIN updates, maintaining accurate records in the library management system.
- Provided technical support by assigning workstations and troubleshooting 30+ printer, computer, scanner, copier, and fax machine issues weekly.
- Ensured smooth patron experience by importing and modifying library card data while upholding data accuracy standards.

## EXTRACURRICULAR ACTIVITIES

**Baruch Finance and Economic Society,** *Marketing Analyst* *Aug 2023 – June 2024*
